Sunday 12th September, Long Distance B, Autumn Series

LESS than forecast winds turned a potentially tricky day's sailing into an excellent day for racing at Shropshire Sailing Club.

The morning's long distance race was run in a light wind, before the breeze filled in after lunch, providing a steady 15mph, with the odd gust, across Whitemere.

Jim Shipp took the morning race and the first after lunch in his Solo, but then got involved in a dogfight with fellow Solo sailor Tim Allan for 30 minutes, allowing Chris Truman to slip through in his Laser.

The final pair of the races saw Allan dominate, though Linda Truman scored an excellent third in her Pico in the penultimate race.
